

Sport Funding

at

Bowling Park Primary School

2016-2017

Here at Bowling Park, we like to 'Go the Extra Mile' in every part of school life. We believe that children should get the best possible education and opportunities in all aspects of their learning, including P.E. and outdoor education. This helps to encourage a range of skills, so that children can become successful learners, confident individuals and responsible citizens.

P.E. and outdoor education is a vital part of this aim, helping children to succeed both in and out of the classroom. Because sports and physical education is so important, the Government now provide specific sport funding to develop sports provision in all schools.

How are Bowling Park using the funding this year (2016-2017)?

School will receive a total of £8,000, plus £5 for each eligible child (559 children). This means that we receive a total of £10,795. This funding will be used to support physical education and a healthy lifestyle. This is promoted throughout our curriculum and school ethos, and will be further encouraged through the implementation of the following activities.

Impact of the P.E. Funding

Children at Bowling Park Primary make good progress, and in many cases excellent progress. This can be seen in our data, which shows that children at our school make better progress than their peers nationally:

- Raise Online (February 2017) showed that children's progress at KS2 was 0.47 in Reading, 1.07 in writing and 2.51 in maths. This is above the national average of 0, and well above the floor standard level for sufficient progress, which is set at -5.0 for reading, -7.0 in writing and -5.0 in maths.
- Our continued effort to improve and develop children's physical education led to us being awarded the Bronze Sports Mark in the summer term of 2016. This shows our commitment, engagement and delivery of sport.

The sport funding we receive supports children's progress and attainment in that it promotes increased physical activity, an awareness of a healthy lifestyle and raised self-esteem, independence and focus. These qualities and skills have an impact on children's willingness to try new things and to take on challenges, which helps to foster and develop better learning behaviours and progress in all subjects. This also helps children to become successful in the next stage of their education and beyond to adulthood.

We continually encourage this ethos through our curriculum and vision, and this is supported by the Sports Grant. We believe that children at our school make good progress and this is, in part, down to continued funding from the Sports Grant which allows us to help children become healthier, more focussed and happier. Because this ethos is emphasised throughout our school curriculum, we believe that the impact of this funding is sustainable as we are committed to helping children be successful, both at school and in the future.

Intervention/strategy	Cost	Impact
<p>Dedicated Sports Coach</p> <ul style="list-style-type: none"> • This year we made the decision to directly employ a sports coach, to help develop our vision for P.E. and outdoor education. Tom Wright now works at school to provide lunchtime and after school clubs. He also coaches teachers. • He will link the teaching of P.E. to the Accelerate Sports Partnership, to ensure that our approach to outdoor education is consistent and has the greatest impact possible. 	<p>Anonymised for the purposes of the website – if you require this information, please contact the office.</p>	<p>Employing a Sports Coach helps to make our work more sustainable. Tom is employed full-time. This means we can continue to improve physical education and encourage healthy lifestyles for the foreseeable future.</p> <p>Having set up a number of after school clubs, 10 children now attend each one.</p> <p><i>Further impact will be available as the year progresses.</i></p>
<p>Accelerate Sports Partnership</p> <ul style="list-style-type: none"> • We have a subscription to ‘Accelerate Sports Partnership’ with Tong High School. This allows us to develop sports competitions across schools in our area (including a football league) and develop sportsmanship and teamwork skills. As part of this, we take part in competitions including: <ul style="list-style-type: none"> ○ U11 football league ○ U11 cricket ○ U11 rounders ○ U10 futsal ○ U11 athletics ○ U9 New Age Kurling 	<p>£1,000</p>	<p>During this academic year, we have already taken part in a cross country competition, football competition and new age kurling competition, with more in the pipeline for the coming months.</p> <p><i>Further impact will be available as the year progresses.</i></p>
<p>Running for Results (trainers plus coach to Bolton Abbey)</p> <ul style="list-style-type: none"> • Each week, as part of our ‘Growth Mind Set’ lessons in Year 6, we take a number of children running in our local area. This is used to develop self-esteem, confidence and determination in the months leading up to SATs. In order to ensure children have the correct footwear, we use a proportion of our P.E. Funding to pay for trainers for all children involved. We also 	<p>Trainers - £816.51</p> <p>Coach -£220</p>	<p>33 children currently access this activity. They regularly run 3-4 miles round our grounds and in the local park.</p> <p><i>Further impact will be available as the year progresses.</i></p>

use it to pay for transport for our annual away run at Bolton Abbey.		
Dance instruction with Lloyd Thompson <ul style="list-style-type: none"> Lloyd works closely with a number of children at our Usher Street site. He teaches modern dance, including break dancing and also runs lunch time clubs. He is a positive role model for children in school, and encourages them to work-hard, be kind and try their best. 	Projected costs from April '16 to March '17 - £6,490	Lloyds dance club is successfully up and running. <i>Further impact will be available as the year progresses.</i>
Emerge <ul style="list-style-type: none"> Emerge provide clubs and interventions for children across school. They specifically work with vulnerable children, and those with low self-esteem. They run sports and team building activities, alongside self-esteem workshops. 	Protected costs for April '16 to March '17 - £9,463	Emerge are now successfully running two after school clubs. Dance takes place on a Monday and is attended by 17 children, and multi-skills attracts 35 children on a Thursday. In addition, Emerge run a lunchtime club with targeted Yr4 and Yr5 children that focusses on self-esteem through music. <i>Further impact will be available as the year progresses.</i>
Total	£23,696.59	

How did we use the money last year (2015-2016)

Last year, we continued many of the initiatives from the previous year as our P.E. funding continued to grow. From April 2015 to March 2016, we received a total of £10,660 for the financial year 2015-2016. Here you can find details of how we spent the money.

The impact of this funding has contributed to the continued very good progress of children in reading, writing and maths. From 2013 to 2015, our progress was significantly above the national for all subjects (RaiseOnline February 2016).

Intervention/strategy	Cost	Impact
JB Sports Coaching <ul style="list-style-type: none"> JB Sports Coaching provide expert after school clubs that focus on Physical Education. They run clubs such as basketball, football and rounders on both of our sites. JB share all of their planning for sessions, allowing teachers to develop and further understand the teaching of P.E. 	£3732.67 (3 rd of full cost April 2015 to March 2016)	JB Sports Coaching has led to an increase in children taking part in after school clubs. Children enjoy working in teams and building relationships. Many children have also learnt new skills in sports that they have not tried before.
Sport Partnership Work with Tong High School	£1,000	Our partnership with Tong High School has been successfully running for a number of years. The impact of this can be seen in the

		<p>increased levels of activity and participation in clubs and sports throughout school.</p> <p>The competitions have also been a great way for children to bond with classmates and children from other schools, increasing team work skills.</p> <p>So far, we have come 2nd in the Kurling competition and 2nd in Ballroom Dancing.</p>
Running for Results	£985.29	<p>Children who take part in 'Running for Results' acquire skills which help them to be more determined and focussed in the lead up to their SATs tests. The children are making good progress in class, and now take on more learning challenges which pushes them to make further progress.</p> <p>Lots of encouragement and fun team building activities help them become more confident to try new things and to push themselves. The children are now running 4-5 miles every session, which shows their increased stamina and fitness. In May 2016, the children took part in an away run to Bolton Abbey, where they run 6miles! This was a week before their SATs exams, to help them feel confident and focussed.</p>
Emerge	£10,578.14 (April 2015 to March 2016)	Emerge have led to an increase in children taking part in after school and lunch time clubs. Children enjoy working in teams and building relationships. Many children have also learnt new skills in sports that they have not tried before.
Dance Instruction with Lloyd Thompson	£6,925 (April 2015 to March 2016)	
Sports Equipment <ul style="list-style-type: none"> As part of our on-going development of P.E. and sports at Bowling Park, we have recently invested in new equipment for our Usher Street site. This means that children have access to top P.E. quality resources. 	£338.65	Better equipment and resources mean that children are able to make the most of P.E. lessons. This has led to improved activity levels during lessons.
Total spent	£23,559.75
